

2018 11th International Conference on Computer and Electrical Engineering

October 12-14, 2018 in Tokyo, Japan

ICCEE
2018

Conference Committee

Conference Chairs

Prof. Peter Plapper, University of Luxembourg, Luxembourg

Prof. Genci Capi, Hosei University, Japan

Program Chairs

Assoc. Prof. Dr. Matsumoto Mitsuharu, University of electro-communications, Japan

Prof. Viacheslav Pshikhopov, Southern Federal University, Russian Federation

Steering Committee

Prof. Takashi Harada, Kindai University, Japan

Asst. Prof. Dr. Rafiq Ahmad, University of Alberta, Canada

Prof. Sathans Suhag, National Institute of Technology Kurukshetra, India

Publicity Chair

Asst. Prof. Hassan HosseinNia, TU Delft/3mE/Precision and Microsystems Engineering (PME), Netherlands

Assisted by

Publication

Journal of Physics: Conference Series (doi:10.1088/issn.1742-6596 ; Online ISSN: 1742-6596 / Print ISSN: 1742-6588)

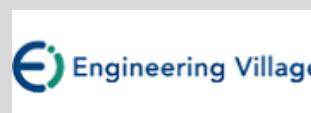

Journal of Computers (JCP, ISSN: 1796-203X)

International Journal of Electrical Energy (doi:10.18178/ijoee; ISSN:2301-3656)

Topics

Computer Engineering Nuclear Energy Power Electronics and Power Drives Embedded systems
Electrical Engineering Information Retrieval Mechatronics & Robotics Sensor networks
Power Electronics and Power Drives Computer Architecture Simulation and Modeling
High Voltage and Insulation Technology Reconfigurable computing systems Databases
Algorithm Advanced Power Semiconductors Power Quality and Electromagnetic Compatibility
Computer Vision, Graphics and Intelligence Analogue and Digital Signal Processing
Computational and Artificial Intelligence Biomedical Engineering Power Systems Deregulation
Computer Vision Computer and AI Applications in Power Industry Power Optimization
Computer Networks Control Science and Control Engineering Power Quality and Electromagnetic
Compatibility Networks and Systems High Voltage and Insulation Technology
Pattern Analysis and Recognition Distributed Generation, Fuel Cells and Renewable Energy Systems
Computer Graphics and Virtual Reality Educational and training programs
Human-Computer Interaction Electric vehicle technologies Power System and its Automation
Image Processing Electrical Machinery and Electrical Apparatus Predictive control
Simulation and Modeling Electromagnetic compatibility Power System and its Automation
Natural Language Understanding Electrotechnologies Reconfigurable computing systems
Computation Intelligence in Electrical Engineering Information Retrieval Embedded systems
Parallel and Distributed Computing Intelligent control systems Reconfigurable computing systems
